**Are you organising your holidays? Do you know about the areas and buildings you could see during your trip?**

If you're organising your summer break, in the COAC Library you'll find **more than one thousand architecture guides** for cities and countries all over the world to help you plan your trip.

**Check out the Library's Catalogue** [2]

**Help us to expand our collection**

Given the challenges involved in buying or accessing this material, the Library would like to ask you if, when you're travelling and you come across an interesting architectural guide, you could make a note of it **and send us the information** [3]. The Library will try to get hold of it to

incorporate it into our own collection.
