Imatge:

Imatge lliure de drets

Organizing Entity :

COAC

Place : Training room of the Tarragona Demarcation of the COAC and online

Regional branch :

Tarragona

Start date :

Thursday, 11 August,
2022

End date : Thursday,
29 September, 2022

Time : Thursday from
3:00 p.m. to 7:00 p.m

[Tornar](#) ^[2]

Information about the energy quality of a building is in a document known as the energy label. In order to have this label, an energy certification must be carried out with a program recognized by the administration.

This certification is achieved with the CE3X program which stands out for its ease of use. It is very important to know how this software works to be able to correctly enter all the requested data and to be able to interpret any building and define it correctly in the program.

This course explains in a practical way the operation of this software applied in tertiary buildings, analyzing all the parameters of the program and dealing with real cases.

For more information about the program and for registration, **visit the website of Escola Sert.** ^[3]
