As part of the '**Cities Connection Project - Architectures in transition**'^[3] programme, we have the opportunity to listen to a conference by the architects of **Maira arquitectes**^[4] and **Ballast architectes**^[5].

At Maira arquitectes, they propose work based on respect and knowledge of the framework-context in which they intervene, in the inclusion of the look of the gender perspective in the profession and in the proposals being at the same time sensitive in the search for regenerative solutions for the environment.

The Ballast architectes studio is a place of work and creation where everyone comes to contribute their experience, their feelings and their thoughts. Their different origins give them a plurality of experiences in construction methods (wood, metal, concrete, etc.) and serious knowledge in the restructuring of existing buildings, particularly in the context of heritage.

The Cities Connection Project - Architectures in transition' program includes an exhibition^[6] **that can be seen from February 20 to April 3**, in the COAC Tarragona exhibition hall, and **three conferences:**

20/02 · 7:30 p.m | h3o architects + Thomas Weckerle
13/03 · 7:30 p.m | Maira arquitectes + Ballast architectes
03/04 · 7:30 p.m | NUA architectures + epoc architecture

The organization reserves the right to modify the content of this program.
