Place : sala Mirador

Regional branch :
Barcelona

Start date :
Thursday, 15 July,
2021

Time : at 5pm

[Tornar](#)

On the occasion of the exhibition **The Vienna Model - Housing for the Twenty-First-Century City** opening, architects **Bettina Götz and Richard Manahl** from the Austrian architectural studio **ARTEC** and architect and *Professor in History and Theory of Architecture* **Josep Maria Montaner** will give an inaugural talk on **Thursday 15 July at 5 pm**, followed by an open debate with the speakers.

The event aims to both introduce and discuss the Vienna model, as well as to foster exchange and mutual learning (between Vienna and Barcelona) on sustainable and innovative strategies towards affordable housing in urban agglomerations.

The conference will be held in English and followed by the opening of the exhibition curated by Wolfgang Förster y William Menking, designed by MVD Austria and organised in Barcelona by Lorenzo Kárász, director of Guiding Architects Barcelona.

Registration is necessary because the capacity of the room is limited. **COMPLETE CAPACITY**. Follow the session **here**.

From the International Landscape Biennial of Barcelona, we would like to invite you to the talk

that **Gilles Clément**, eminent French landscape artist, will give on the occasion of the presentation of his latest book.

This is the first event that we organize ahead of the 11th Barcelona Landscape Biennial, which will take place in September 2020.

Clément defends the observation of a landscape which is not fixed. The nature invades and it organizes a creation, without "fitting" the species and accepting the movement and changes, nothing permanent in the concept of garden. All these landscape interpretations and other concepts such as agitation (mixing of species) or planetarization (integration of globalization) are reflected in their books such as "Le Jardin en mouvement", "Le Jardin planétaire" and "The third landscape manifest".

Save the date: next Thursday, **3rd of October** at 19.00 h.

Registration form.
